

Would you like to change the Plugin Name?

Or change the Author to your name or company?

Or change the URL to your own website?

It's very easy!

Here's how to do it...

Step 1. Unzip wptn-plugin-2.0.zip.

Step 2. Open tube-ninja.php in a text editor.

Step 3. Edit lines 3 - 8 of tube-ninja.php.

Plugin Name: WP Tube Ninja

Plugin URI: <http://www.yourdomain.com>

Description: The ultimate video blog curation system!

Version: 2.0

Author: Your Name

Author URI: <http://www.yourdomain.com>

Step 4. Save tube-ninja.php after you make the changes.

Step 5. Create a new zip with all of the Wordpress files.

NOTE: You should NOT rename ANY of the file names (e.g. tube-ninja.php).
